

## **Social Studies, Grade 7 (SOCS) 7B Syllabus**

### **Course Name**

SOCS 7B

Social Studies, Grade 7 – Semester B

### **Course Information**

SOCS 7B is the second semester of this two-semester course.

### ***Texas History***

If you are taking Texas History 7B, most likely you have just completed SOCS 7A. If so, welcome back! The second portion of Texas history is no less exciting than the first. We'll fight the Frontier Wars of the late 1800s as the last Native Americans are driven out of Texas. We'll drive cattle on some of the most famous trail drives ever made. We'll get good and dirty as we discover oil when some of those big gushers come in.

We'll also think about how we would have solved some of the difficult problems Texans faced as they moved from the pioneer days to modern-day Texas.

I hope you enjoy our journey as we travel the trails of Texas history.

### **Course Delivery Method**

Online

### **Contacting Your Instructor**

You may contact your instructor through the Blackboard messaging system. Technical support is available 24/7 at [www.k12.ttu.edu](http://www.k12.ttu.edu).

### **Course Objectives**

After completing this course, you should be able to:

1. interpret visual materials through the use of graphs, pictures, and charts;

2. summarize the social, economic, and political changes occurring in Texas at the end of the 1800s;
3. understand the forces that transformed Texas from a frontier society to a modern state in the early 1900s;
4. discuss developments in Texas from World War II to the present;
5. describe the structure and function of state and local government in Texas and the ways citizens can participate in government; and
6. appreciate the contributions of notable individuals and groups representative of the various ethnic, social, and cultural backgrounds in Texas.

SOCS 7 addresses the required Texas Essential Knowledge and Skills (TEKS). These can be found at the [Texas Education Agency](http://www.tea.state.tx.us) website.

## Textbook and Resources

### **Textbook**

The required textbook for this course is:

- Anderson, et al. *Texas and Texans* (2003), Glencoe/McGraw-Hill. ISBN 0-07-823967-2.

This book is available only in a one-volume edition. It is used for SOCS 7A and 7B.

Copyrighted materials are used in the Review Exercises and Lesson Assignments.

### **About the Textbook**

The textbook for this course, *Texas and Texans*, contains many special features. In each chapter you will find information presented in a variety of ways, as well as extra-help ideas. There are instructions for creating study organizers called Foldables™ which will help you summarize and organize information from your reading assignments. Reading check questions (in green boxes) will help ensure that you understood the main points of a section. “Exploring Geography” boxes offer interesting bits of trivia. You will also find TAKS practice and TAKS Skillbuilders throughout each chapter.

Other features of the textbook include:

- **The Story of Texas** — images from the Bob Bullock Texas State History Museum
- **Texas Literature** — excerpts from books about Texas, including vocabulary words and author information
- **Two Viewpoints** — differing opinions on topics

- **Economics and History pages** — usually part of your reading assignments
- **Only in Texas** — offers information on places that can only be found in the Lone Star State
- **People of Texas** — You will find these segments about the people who helped shape Texas within your assigned readings. Make sure you read them!

Each chapter is divided into sections. At the beginning of each of these sections, you will find a “Guide to Reading.” This gives you a preview of the section as well as helpful hints and strategies. At the end of each section is a Section Assessment which will help ensure that you understood the main concepts of what you read. At the end of each chapter, you will find an “Assessment and Activities” exercise.

Some of the above items will be showing up in your Lesson Assignments for completion; however, it is highly recommended that you use **all** of these special features for extra practice and study purposes as well as help in taking notes.

### ***Materials***

You will also need a Texas Highway Department map of Texas. You can find a map at your local highway department office, a convenience store, or by calling the Texas Department of Transportation at 1-800-558-9368.

## Course Organization

This course consists of eight lessons and a final examination. Each lesson contains the following:

- Introduction and Instructions
- Learning Objectives and Curriculum Standards
- Learning Activities
- Assignments

Each lesson includes several activities that present content knowledge. Each lesson also includes multiple graded assignments to ensure that you learn the content that has been presented in the activities. Some of the assignments are automatically-graded quizzes, and some are written assignments or activities that your instructor will grade. Be sure you read all instructions carefully and ask your instructor for help if something is not clear.

The final examination will be composed of objective questions. The reading assignments, Review Exercises, and graded lessons you have completed should prepare you to take the final exam.

## Course Outline

Please note that some assignments will be hidden from you when you start the course. As you move through the lessons and complete assignments, more will unlock for you.

## Course Credit

The course grade will be calculated as follows:

- 50% coursework average;
- 50% summative assessment average, including the final exam;
- A passing course grade is 70 or higher.

Students must attempt all assignments in the course. The final exam will not be available until all assignments have been accepted and graded by the teacher.

Students who score below 70% on the final exam will be eligible for one re-exam opportunity.

## Coursework

The graded assignments within each lesson are formative in nature. This means that they are designed to assist you in applying and demonstrating the lesson concepts, as well as identifying areas in which you need additional review. You may use all the lesson's learning activities to assist you as you complete the graded assignments.

## Summative Assessments

Summative assessments are those that allow you to demonstrate mastery of the course objectives. For summative assessments, you will NOT be allowed to use the learning materials. These are opportunities for you to show what you have learned by that point in the course. Summative assessments may be proctored using the online proctoring system Proctorio. Information about Proctorio is provided in **Remote Proctoring** in the Syllabus section of your course. The summative assessments for this course are as follows:

- **Summative Assessments (20% of Course Grade)**
  - Lesson One Summative Assignment: Essay (25 points)
  - Lesson Two Summative Assignment: Essay (25 points)
  - Lesson Three Summative Assignment: Cause and Effect (25 points)
  - Lesson Four Summative Assignment: Essay (25 points)
  - Lesson Five Summative Assignment: Essay (25 points)
  - Lesson Six Summative Assignment: Essay (25 points)
  - Lesson Seven Summative Assignment: Essay (25 points)

- Lesson Eight Summative Assignment: Main Idea (24 points)
- Summative Final Exam **(30% of Course Grade)**

## Course Completion and Extensions

- Students may not complete the course in less than 30 days.
- All courses expire six months after the enrollment date. Student may purchase a single three-month extension for a fee.
- Extensions are non-refundable and non-transferrable.

## Academic Integrity

It is the aim of the faculty of Texas Tech University to foster a spirit of complete honesty and high standard of integrity. The attempt of students to present as their own any work not honestly performed is regarded by the faculty and administration as a most serious offense and renders the offenders liable to serious consequences, possibly suspension.

“Scholastic dishonesty” includes, but is not limited to, cheating, plagiarism, collusion, falsifying academic records, misrepresenting facts, and any act designed to give unfair academic advantage to the student (such as, but not limited to, submission of essentially the same written assignment for two courses without the prior permission of the instructor) or the attempt to commit such an act.

## Student Expectations

You will be expected to log into the Blackboard course regularly to be aware of possible announcements/reminders and to pace your progress in the course.

Students are expected to maintain an online environment conducive to learning, which includes “netiquette” (Internet etiquette). Please review the basic rules for [Online Discussion Netiquette](#). Ensure that your email messages, discussion board postings, and other electronic communications are thoughtful and respectful. Diverse opinions are welcome in this course, and you are expected to demonstrate an open mind and courtesy when responding to the thoughts and ideas of others.

The following are prohibited:

- making offensive remarks in email or the discussion board;
- using inappropriate language or discussing inappropriate topics online;
- spamming;
- hacking;
- using TTU or Blackboard email or discussion boards for commercial purposes;
- using all caps (considered shouting in online communications); and
- cyber-bullying or online harassment of any type.

Inappropriate behavior shall result in consequences ranging from a request to correct the problem, to removal from the course or even the university, depending on the

severity of the behavior. Disciplinary actions will be taken according to the TTU K-12 Student Handbook.

## **Communication**

- You can expect a reply from your instructor within 2 business days.
- Use the Blackboard Course Messages tool for sending messages to your instructor.

## **Submitting Assignments**

You will submit all assignments through the Blackboard Assignment Tool, rather than by email. For assignments that require you to upload a PDF or other document, please title your assignment files "lastName\_firstName\_assignmentName.xxx (.pdf, .doc, .xl, .jpg, etc.)".

## **Technical Difficulties**

### ***Getting Help***

For student assistance with Blackboard, visit [TTU K-12 Support](#).

### ***Computer Problems***

A working computer is necessary for online coursework. Computer problems will not be accepted as a valid reason for failure to complete course activities within the allotted time frame. Identify a second computer, before the course begins, that you can use if you experience computer problems.

### ***Server Problems***

When the Blackboard server needs to be taken down for maintenance, the Blackboard administrator will post an announcement in your course informing you of the time and date. If the server experiences unforeseen problems, your course instructor will notify you.

### ***Lost or Corrupted Files***

You must keep/save a copy of every project/assignment on an external disk or personal computer. In the event of any kind of technology failure (e.g., Blackboard server crash or virus infection, students' own computer problems, loss of files in cyberspace, etc.) or any disputes, the instructor may request or require you to resubmit the files. In some instances, the instructor may need to open another attempt within Blackboard, so communication with your instructor is critical in these circumstances.
