The Texas Tech University Football Strength and Conditioning Department is currently accepting internship applicants for Summer 2020 (May-July). This internship is designed for individuals who want to become collegiate strength coaches. This is an unpaid position. Successful applicants may be asked to stay on for The Fall at the discretion of the Strength Staff.

Duties include: Set up and breakdown of the weight room, Indoor training facility, equipment maintenance and any other duties assigned by Football Strength Staff. Interns will have the opportunity to assist with all aspects of Summer Training with the Texas Tech Football Program.

Qualifications: Applicants must be pursuing or have completed Bachelors or Masters in Exercise Science or a related field. Applicants should have attained or, be working toward SCCC or CSCS certification.

Please email your resume, cover letter, and list of references to Associate Strength and Conditioning Coach Brandon Howard (Brandon.Howard@ttu.edu).
