- ❖ Teach undergraduate courses in KIN 3346 Anatomical Kinesiology, KIN 4301 Introduction to Biomechanics, or other undergraduate courses in the kinesiology major
- ❖ Mentor undergraduate students in professional and career preparation
- ❖ Provide service to the department, college, university, and community

Rank: Search is open to all qualified candidates

Salary: Commensurate with qualifications and experiences

Effective Date of Appointment: 9-month, non-tenure-track position will be effective September 1, 2018.

Application Deadline: Evaluation of applications will begin on **April 16, 2018**, and continue until the position is filled.

Application Procedures: Applications must be submitted on line at: <https://bit.ly/2lflh2j> and include a cover letter, curriculum vitae, teaching statement, and names and contact information of three people who could be asked to write letters of recommendation. Refer to requisition number **13534BR** when applying.

The Department: The department offers a B.S. in Kinesiology and M.S. in Kinesiology. The department offers state-of-the-art research equipment and laboratories in its own building, which also includes six classrooms, a student computer lab, and faculty offices. The department is one of the largest departments at Texas Tech University and enrolls over 1,200 undergraduate students in Kinesiology. Approximately 40 graduate students are enrolled in the master's degree specializations in exercise physiology (clinical; human performance) and in motor behavior/exercise and sport psychology. The Department also has approximately 300 undergraduate and 40 graduate students earning a B.S. in Sport Management or M.S. in Sport Management respectively.

The University: Texas Tech University enrolls over 36,000 students and is located in Lubbock, Texas, a center of cultural, commercial, medical, and professional services. In the fall of 2017, Texas Tech University met the enrollment criteria (over 25% of the undergraduate students) to qualify as a Hispanic-serving institution. The main campus is located adjacent to the Texas Tech Health Sciences Center.
