

How to look up CRNs and Classes

Use this guide to help look up Course Reference Numbers (CRNs) and Classes prior to or during Registration. Students may continue to add/drop classes through the last day to add a class which is published on the law school calendar for each semester. Students wishing to drop a class after this date must contact the Registrar's Office.

Step one: Sign into the registration portal using your eraider username and password by going to <https://registration.texastech.edu>

The screenshot shows the registration portal interface. At the top, there is a navigation bar with "Banner Self-Service", "Student", and "Registration". Below this is a "REGISTRATION" header. A section titled "What would you like to do?" contains six options, each with an icon and a brief description:

- Prepare for Registration**: View registration status, update student term data, and complete pre-registration requirements.
- Register for Classes**: Search and register for your classes. You can also view and manage your schedule.
- Plan Ahead**: Give yourself a head start by building plans. When you're ready to register, you'll be able to load these plans.
- Browse Classes**: Looking for classes? In this section you can browse classes you find interesting. (This option is circled in green in the image.)
- View Registration Information**: View your past schedules and your ungraded classes.
- Browse Course Catalog**: Look up basic course information like subject, course and description.

Step Three: Select an available term

The screenshot shows the "SELECT A TERM" dropdown menu. The menu is open, displaying a list of terms. The "Full Summer 2017 El Paso (View Only)" option is highlighted in blue. A red circle is drawn around the entire dropdown menu.
