How to look up CRNs and Classes

Use this guide to help look up Course Reference Numbers (CRNs) and Classes prior to or during Registration. Students may continue to add/drop classes through the last day to add a class which is published on the law school calendar for each semester. Students wishing to drop a class after this date must contact the Registrar's Office.

Step one: Sign into the registration portal using your eraider username and password by going to https://registration.texastech.edu

Step Three: Select an available term
Step Four: Fill in “Subject,” “Course Number,” and/or “keyword” and select search to find a list of courses based on your search criteria.

Step Five: A list of courses will populate.

Step Six: Copy down the CRN. You will need to enter this in later to register for this specific Course and Class time.

Repeat these steps until you have all of the CRNs for the classes you wish to take. Remember that registration is competitive, so have multiple options in case the specific class or class time is not open when you register.
