Make Tracks for Summer Fun

at Lubbock Lake Landmark
Registration Information
806-742-1116 or landmark.education@ttu.edu

Each week is filled with Hands-On, Minds-On activities that allow children to explore the natural world in a safe environment.

STEM Fluency Skills, TEKS, and Environmental Education Guidelines for Learning guide Amazing Summer Adventures development and implementation.

Age Groups
Going WILD 5-6 year olds
Plains Explorer 7-8 year olds
Nature Squad 9-10 year olds
Conservation Academy 11-12 year olds

Dates & Times
Tuesday ~ Friday
mornings 9:00 ~ noon
June 7th ~ July 29th

Please Note: The Landmark's Amazing Summer Adventures are not designed for “Drop-In” participation. The weekly theme content is developed so that a child can learn about a topic through activities that build from one day to the next.

Amazing Summer Adventures are made possible by the generous support of the Helen Jones Foundation, Inc.
Fees: All programs are FREE of charge. Space is limited and pre-registration is required. Please only register your children for programs you know they are able to attend!

Registration: For your convenience registration is available by phone or e-mail!!!
Register by phone: Call Landmark Education at (806) 742-1116. E-mail: Landmark Education at landmark.education@ttu.edu

Confirmation: You will receive a confirmation letter with additional information in the mail. All classes are held at Lubbock Lake Landmark, 2401 Landmark Drive (at N. Loop 289 and US Hwy 84).

Please Note: By registering your child to participate in Lubbock Lake Landmark programs, you are granting the Museum of Texas Tech permission to authorize emergency medical treatment. The Museum of Texas Tech University, Lubbock Lake Landmark, and its staff cannot be held responsible for any personal liability.
Growing WILD
5 & 6 year olds

Week 1  June 7th - June 10th
Patterns in Nature
Have you ever wondered about a dragonfly’s wing or a giraffe’s spots? Learn about - Look for - the incredible patterns in nature, from stripes and spots to tessellations (distinct shapes) and fractals (never-ending patterns).

Week 2  June 14th - 17th
Republic of Texas
Texas History, from the First Peoples to the crowds who were “Gone to Texas”. Play games, make crafts, and learn about the Republic of Texas.

Week 3  June 21st - 24th
The Great Playa Lakes
Home to a variety of wildlife and haven for migrating birds, playas are unique wetlands found only on the prairie! Join us and learn about the unique characteristics and the role playa lakes play on the Southern High Plains.
Week 4 June 28th - July 1st
Prairies and Grasslands
Bison, Playas, dust storms - oh my! Learn about and explore the unique ecosystem that we live in - and more grasslands around the world.

Week 5 July 5th - July 8th
Bison & Cattle on the Southern High Plains
Big Burly Bison once roamed the Plains - now cattle graze instead. Learn all about these beefy animals and their special place on the Plains.

Week 6 July 12th -15th
Archaeology at Lubbock Lake Landmark
Join us, become an archeologist for the week, learn the difference between archaeology and paleontology. Visit our excavation site, talk to real archaeologists. Learn archaeological techniques as you dig for clues.
Plains Explorers
7 & 8 year olds

Week 1 June 7th - June 10th
