

Editorial Board

Executive Editor, Robert D. Bradley

Production Editor, Lisa Bradley

Associate Editor, Richard D. Stevens

Associate Editor, Caleb D. Phillips

Associate Editor, Warren C. Conway

Advisory Panel:

Sergio Ticol Álvarez Castañeda, Centro de Investigaciones Biológicas del Noroeste, Mexico – molecular biology, biogeography

Loren Ammerman, Angelo State University – molecular biology, bat ecology

John Bickham, Texas A&M University – mammalian genetics, systematics, marine mammals

Juan Pablo Carrera-E., Escuela Politécnica Nacional, Ecuador – natural history, ecology, South American mammals

Robert Dowler, Angelo State University – natural history, carnivore ecology, conservation

Jonathan Dunnum, University of New Mexico – museum collections, mammalian diseases, systematics

Scott Gardner, University of Nebraska, Lincoln – parasitology, mammals

Jennifer Girón, Purdue University – invertebrate taxonomy, Neotropical beetles, museum collections

David Haukos, Kansas State University – wetland ecology, avian population biology, waterfowl

Rodney Honeycutt, Pepperdine University – phylogenetics, molecular biology

Nancy McIntyre, Texas Tech University – landscape ecology, conservation, ornithology

Nicté Ordóñez-Garza, Instituto Nacional de Biodiversidad-Ecuador – mammalian evolution, systematics, Central American mammals

Aaron Pan, Texas Tech University - terrestrial and marine invertebrates, botany

David Schmidly, University of New Mexico – mammalian taxonomy, natural history, conservation

Fred Stangl, Midwestern State University – mammalian taxonomy, natural history

Cody Thompson, University of Michigan – mammalian evolutionary ecology, museum collections
