Solari, S., and R. J. Baker. 2006. Mitochondrial DNA sequences, karyotypic, and morphological variation in the *Carollia castanea* species complex (Chiroptera: Phyllotomidae) with description of a new species. Occasional Papers of the Museum, Texas Tech University 254:1–16.

Page 5, species description for *Carollia benkeithi*, new species.—The holotype specimen for this species (TTU 46187) is a male, not a female as indicated in the text. This mistake was a typographical error in the publication. The voucher specimen is correctly identified as a male in the field notes, in the TK book, on the tag, and in the catalogue.
