

14th Americas Conference on Wind Engineering
May 17-19, 2022 – Lubbock, TX
National Wind Institute – Texas Tech University

Sponsorship Opportunities

The Americas Conference on Wind Engineering is one of the Premier Conferences for the international wind engineering community. Occurring every four years, it brings together the experts at the forefronts of the fields of wind engineering and the related disciplines, including but are not limited to wind climate, wind effects on structures, environmental effects of wind, socioeconomic impact of wind hazards, and wind energy. The Conference will feature parallel technical sessions, poster sessions and invited plenary keynote addresses, in which the most recent exciting advancements in the various fields will be presented. The Conference will also feature a technical tour, showcasing the state-of-the-art research facilities at the National Wind Institute at Texas Tech University.

The Conference gives you the ability to support these experts while showcasing your capabilities and products. More than 200 wind engineering academicians, professionals, and other stake holders will assemble for three days of technical and poster sessions.

The next page shows the sponsorship levels and the benefits associated with the sponsorship. Each sponsorship includes a six-foot draped table and two chairs in the Exhibit Area. Your organization's logo will be included on the conference website (if received by April 15, 2022). A list of attendees will also be provided for your use. All refreshment breaks will take place in the Exhibit Area, shown as the Pre-Function area on the diagram below.

Shipping to the Hotel for Table

Shipping Arrangements:

Please alert your Conference Services, Manager, if you plan on shipping boxes to the Hotel to ensure that deliveries are handled properly. **Deliveries are accepted Monday-Friday from 8am -5pm. No deliveries between the hours of 11am and 1pm.** When shipping packages to the Hotel, please address your boxes as follows:

Marie Hanza / TTU- National Wind Institute
c/o THE OVERTON HOTEL & CONFERENCE CENTER
2322 Mac Davis Lane, Lubbock, TX 79401
Attn: Catering & Conference Services

Incoming Shipments:

If multiple boxes are being shipped, please label consecutively; 1 of 4, 2 of 4, 3 of 4 etc. This will help ensure that the total shipment is received. Large Size Deliveries or Pallets being delivered would require a truck with a lift gate for unloading and clearance of no higher than 11 feet. Please do not send boxes more than 3 days in advance, due to limited storage space. Deliveries that cannot be stored in secured storage space will be secured in meeting room space.

Outgoing Shipments:

When your event concludes, we can assist you in shipping boxes out of for nominal fee. Shipping charges are the responsibility of the sender; charges can be applied to the Master Account only when approved by authorized signature. Hotel is not responsible for packaging and properly sealing packages being shipped. All packages being shipped must include completed shipper form(s) with proper information and a valid method of payment for the shipping. Guarantee of delivery is not the responsibility of the Hotel.
