Raider Room Lost and Found

We visit our Raider Rooms once a week to resupply the markers and check for any maintenance issues. While we are there, we also pick up items people have left behind. Items such as flash drives, textbooks, and clothing (jackets, hats, etc.). We record the date the item was found, a brief description of the item, as well as the room number in which it was found.

If you think you have left something behind in a Raider Room, please contact us. We can check our inventory to see if your item was picked up during a weekly audit. If we do have your lost item, let us know when you can pick it up and we’ll have it ready. Due to the limited amount of space in our storage room, we take the previous month’s lost and found items to Tech PD. We will include the inventory list with the boxed items sent to Tech PD.
