FROM ITS VERY BEGINNING,

The Texas Tech University community has had a sense of destiny and an awareness of the impact it would have on Texas and the world. Originally named Texas Technological College, which opened in 1925 with six buildings, four schools (Agriculture, Engineering, Home Economics, and Liberal Arts), and an enrollment of 914, the institution grew rapidly after World War II, and in 1969, the Texas legislature approved a name change to Texas Tech University.

Today, Texas Tech continues to thrive, with more than 40,000 students enrolled in its colleges and schools: Gordon W. Davis College of Agricultural Sciences & Natural Resources, Tommie J. Huckabee College of Architecture, Arts & Sciences, Jerry S. Rawls College of Business Administration, Education, Edward E. Whitacre Jr. College of Engineering, Honors College, Health & Human Sciences, Media & Communication, J.T. & Margaret Talkington College of Visual & Performing Arts, the Graduate School, School of Professional Studies, School of Law, and School of Veterinary Medicine.

CROWNED BY A FLAME

Symbolizing the Light of Knowledge, the Texas Tech University Presidential Mace is the symbolic staff of the power and authority of the university. It is constructed of lathed and molded bronze that has been rubbed with a layer of 24K gold. The school crest is presented on either side directly under the flame. Hand-rubbed black walnut has been used for the connecting shafts. The mace was designed by Professor Robly A. Glover in the School of Art. Professor Glover's artwork is on display throughout the United States and included in the permanent collections of the Art Institute of Chicago, The Yale Silver Collection, and the Victoria and Albert Museum in London.

CANDIDATES FOR GRADUATE DEGREES

The **doctoral degree** is the most advanced earned degree conferred by American institutions of higher learning. The doctorate usually represents prolonged periods of advanced study culminating in a dissertation intended to contribute substantially to the body of knowledge on the subject. The most widely sought doctorate is the Doctor of Philosophy, which no longer has an implication of philosophy as the major field of study but represents advanced research in any of the major fields of knowledge.

The **master's degree** is an academic honor bestowed upon students who have successfully completed work beyond the baccalaureate. Both a thesis and an oral examination are usually but not always required. When applicable, the graduate's thesis topic is listed.

CANDIDATES FOR UNDERGRADUATE DEGREES

The **bachelor's degree** represents completion of a four-year course of college-level study and is the oldest academic degree awarded by American institutions of higher learning.

Graduation with Honors is a distinction that is noted on diplomas and transcripts and receives special recognition at graduation ceremonies. Undergraduates who complete their work with a cumulative grade point average of 3.9 or above are graduated **Summa Cum Laude**; 3.7 to 3.89, **Magna Cum Laude**; 3.5 to 3.69, **Cum Laude**. Those who graduate from the Honors College after acquiring 24 Honors credit hours graduate "with Honors." Those who also complete an Honors thesis or project consisting of six additional hours graduate "with Highest Honors."

PROGRAM

This program was produced by the Office of the Provost in cooperation with the Convocations Committee and Official Publications at Texas Tech University.

This program is an unofficial list of graduates and should not be used to determine a student's academic or degree status. The actual award of honors reflected on a student's diploma will be determined by the student's final academic average. The university's official registry for conferral of degrees is the student's permanent academic record kept by the Registrar.

COLLEGE BANNERS

FACULTY

The Faculty banner features the university colors and the Texas Tech University seal, designed by William Ward Watkin in 1924. The seal's black shield is quartered by a red cross, adorned with 10 cotton bolls representing Lubbock and the surrounding cottongrowing counties, reflecting the university's founding mission in textiles and technical engineering. The shield's symbols include a book for religion and academic tradition, a star for Texas, a key for home and a lamp for knowledge. Above the shield, an eagle symbolizes the United States. Together, these elements represent the university's role in creating, transmitting and preserving knowledge.

GORDON W. DAVIS COLLEGE OF AGRICULTURAL SCIENCES & NATURAL RESOURCES

The Davis College banner features a black background with scarlet chevrons and the Double T, representing Texas Tech University. The maize border, symbolizing the agricultural disciplines, highlights the college's founding role as one of the university's original schools. At the center, a globe flanked by wheat stalks reflects the global impact of agriculture and natural resources management. The banner was designed by Maeley Herring and Tristin Campbell.

TOMMIE J. HUCKABEE COLLEGE OF ARCHITECTURE

The Huckabee College of Architecture began as the Department of Architectural Engineering in the College of Engineering in 1927. It became the College of Architecture in 1968 and moved to its current building on campus. In November 2022, the college was renamed Huckabee College of Architecture, and a new banner was created. The banner features the college name, the Double T logo, and a classic black and red color scheme. It was designed by the Marketing & Communications office at Texas Tech.

COLLEGE OF EDUCATION

The blue background of the College of Education banner reflects the light blue color designated for education by the Intercollegiate Code and matches the velvet border of education master's and doctoral hoods and gowns. The upper part of the banner features a school building encircled by the words "College of Education" and "Scholarship, Leadership, Service," symbolizing the college's commitment to preparing teachers and advancing educational scholarship, leadership, and service. The Double T logo is placed at the bottom of the banner.

JERRY S. RAWLS COLLEGE OF BUSINESS ADMINISTRATION

The Jerry S. Rawls College of Business Administration banner was created through a collaboration with the college's Undergraduate Services Center staff. The background features a map of the world centered on Lubbock, with the Double T rising from the South Plains. The design symbolizes the global impact on modern business.

COLLEGE OF ARTS & SCIENCES

The College of Arts & Sciences banner was redesigned in 2014 by Randy Lacy, unit coordinator in the college. Featuring classical typography and bold lines, the banner replaced the college seal with the Double T. The red and black colors reflect the university's largest college.

GRADUATE SCHOOL

The Graduate School banner features a blue background with a white circle inside a light blue circle. Within these circles are the images of a golden open book, symbolizing knowledge, and a burning lamp, representing the light of study. The banner was designed by the late Associate Dean Thomas Langford and Ms. Beth Cain, a long-time Graduate School staff member and artist.

EDWARD E. WHITACRE JR. COLLEGE OF ENGINEERING

The banner features the college seal on an orange field, the academic color for engineering. Designed by chemical engineering student Unwana Essien in 2009, the seal is encircled by red, white, and black, reflecting the spirit of Texas Tech University and the Red Raiders. The two stars symbolize the ethical duty of engineers to themselves and society. The seal's four central symbols represent the foundations of engineering: The light bulb, surrounded by a ribbon and questions, symbolizes the inspiration to answer problems and innovate. The square and globe represent engineering's role in building a better world. The hammer and screwdriver signify the practical application of engineering work. The atomic figure around the beaker represents the integration of math, science, and technology in engineering.

HONORS COLLEGE

The Honors College banner features a sky blue field with a dark blue silhouette of one of the Administration Building bell towers. Superimposed on the silhouette is the Honors College emblem in gold: an open book that transforms into a bird taking flight, symbolizing how learning sparks creativity. At the bottom of the banner are the words "University Honors College" in gold.

COLLEGE OF HEALTH & HUMAN SCIENCES

The College of Health & Human Sciences banner was redesigned in 2024 following the college's name change. The design features echoed human faces, symbolizing the human experience across the lifespan, and reflects the college's mission to improve the human condition through teaching, research and outreach. It was designed by the Marketing & Communications office at Texas Tech.

COLLEGE OF MEDIA & COMMUNICATION

The College of Media & Communication banner features waves of information emanating from a single point—symbolizing one voice reaching many. The banner has a white field with a crimson background framing the waves, with crimson representing journalism, the college's core discipline. The white field symbolizes honesty, decency and purity. Beneath the crimson background is the name of the college.

SCHOOL OF PROFESSIONAL STUDIES

The School of Professional Studies banner features Texas Tech's colors, with a red background trimmed in black. The central focus is the silhouette of the Administration Building's bell tower, an iconic symbol of the university. Representing the integration of programs from multiple colleges, the banner highlights the traditional Double T placed in a window of the tower, symbolizing the future that awaits students who complete these programs and prepare for successful careers.

J.T. & MARGARET TALKINGTON COLLEGE OF VISUAL & PERFORMING ARTS

The J.T. & Margaret Talkington College of Visual & Performing Arts banner represents the three schools within the college. The abstract design symbolizes intellectual skill, artistic ability and creative thinking, reflecting the students emerging from the college. Subtle shapes evoke elements such as music notation, sound waves for theatre and dance, and visual lines and shapes representing the arts. The banner was designed by Chloe Walser, an artist, graphic designer, and graduate of the School of Art, for her commencement in May 2022.

UNIVERSITY LIBRARIES

The Texas Tech University Libraries' banner symbolizes the Library as the center and guardian of knowledge on campus. The key in the foreground represents the Libraries' role as the keeper of ideas, reflecting the historical view of knowledge as something sacred or locked away. The flames symbolize the Library's role in providing access to wisdom, with fire representing the spread of knowledge. The colors of the flames—scarlet for humanities, gold for sciences and purple for social sciences—represent the three broad branches of knowledge.

ACADEMIC DRESS AND PROCESSION

UNDERGRADUATE ROBE: A red stole displaying the Double T and seal of Texas Tech University distinguishes students receiving baccalaureate degrees. Degree candidates wearing red cords will graduate with honors designations based on a minimum 3.5 GPA.

MASTER'S ROBE: Velvet facing around the neck corresponds to color representing the field of study; hood lining represents the colors of the institution that conferred the degree.

DOCTORAL ROBE: Velvet facing on front of robe and three bars on sleeve correspond to color representing the field of study; hood lining represents the colors of the institution that conferred the degree.

Wearing academic dress at commencement ceremonies dates from the early history of the oldest universities created during the twelfth and thirteenth centuries. Because educated people were almost always of the clergy, the black gown is an adaptation of the “cope,” a long mantle or cloak of silk or other cloth worn by church dignitaries in processions and on other occasions. The long gown and cowl (similar to the academic hood of today) were worn by priests and monks for warmth in the cold medieval buildings. In the early centuries, a great diversity of color and style of cap, gown, and hood appeared in different universities of Europe. The European custom of wearing academic dress was later introduced at American colleges. Not until after 1895 was a uniform academic code of dress adopted by most U.S. colleges and universities. Today, the black robe, hood, and cap are worn at most institutions of higher learning. Some institutions have authorized doctoral gowns in colors other than the customary black. The gowns used in American academic ceremonies vary according to the highest degree awarded to the wearer. Usually the bachelor’s robe has long pointed sleeves and the master’s has oblong sleeves, square at the end with a slit at the elbow. The doctoral gown is a more elaborate robe faced down the front with velvet and across the bell-shaped sleeves with three bars of velvet. The velvet facing and bars may be of the color distinctive to the field of study. The doctoral hood has side panels and is slightly longer than the one worn for the master’s degree. The color used in the velvet border of the hood indicates the field of study. The velvet border is widest on the doctor’s hood, and the colors of the lining indicate the college or university that conferred the degree.

For example, those who have received advanced degrees from Texas Tech University wear hoods lined with red and black. The Oxford—the so-called mortarboard—is black and has a long tassel fastened to the center. The tassel is usually worn with the pendant over the left front of the cap. Different colored tassels are often worn on the bachelor’s and master’s caps to indicate the type of degree. The tassel on the cap of the doctoral candidate, except for professional degrees, is either gold or black. The doctoral degree holders may also wear the velvet tam with a gold tassel. Candidates for the undergraduate degree will wear the tassel on the right side of the cap at commencement. After the degrees have been conferred, baccalaureate degree recipients will turn the tassel to the left side of the cap, thus showing that they are now graduates. Those graduates who have the official Texas Tech Alumni Association class ring are invited to turn their rings at this time. Candidates wearing red cords have earned the Latin designations of cum laude, magna cum laude or summa cum laude based on a minimum 3.5 cumulative grade point average. Candidates wearing kite-shaped medallions are Honors College graduates earning a minimum of 24 hours of Honors coursework. Medallions with red ribbons indicate a notation of “With Honors” (non-thesis) and gold ribbons indicating a notation of “With Highest Honors” (thesis). Phi Beta Kappa students may wear their membership key as well as the society’s dark blue honor stole and/or pink and blue honor cords. Members of Phi Kappa Phi, Mortar Board, and other honor societies may likewise display their societies’ medallions and honor cords. Texas Tech University has five university-wide honoraries: Golden Key, Mortar Board, Omicron Delta Kappa, Phi Beta Kappa, and Phi Kappa Phi.

TEXAS TECH TRADITIONS

WILL ROGERS & SOAPSUDS

Will Rogers was one of the most famous entertainers in America in the 1920s and '30s, and his longtime friend, Amon Carter, was Texas Tech's first chairman of the Board of Directors. Rogers donated \$200 for the Texas Tech band to play at the football game against TCU in 1926 because he wanted people "to hear a real band." Then the cowboy humorist donated \$1,500 to buy band uniforms for the trip to Fort Worth. A few years after Rogers perished in a plane crash, Carter presented the statue of Rogers and his horse, Soapsuds, to Texas Tech. Sculpted by 18-year-old Electra Waggoner Biggs, the statue is one of four in the nation. Before every home game, the Saddle Tramps wrap "Old Will" with red crepe paper. The statue also has been wrapped in black to mourn national tragedies.

RAIDER RED & THE MASKED RIDER

Not every university wants a horse in its stadium, so Texas Tech had to find an alternate mascot prior to the 1971 football season. After the school's athletic conference passed a rule that prevented taking live animals to non-home games, Saddle Tramp Jim Gaspard created Raider Red -- the embodiment of Ol' Red, a cartoon character created by Dirk West. Raider Red changes from boots to soft-soled shoes for basketball games, and his student persona is kept a secret as he mingles with the crowds.

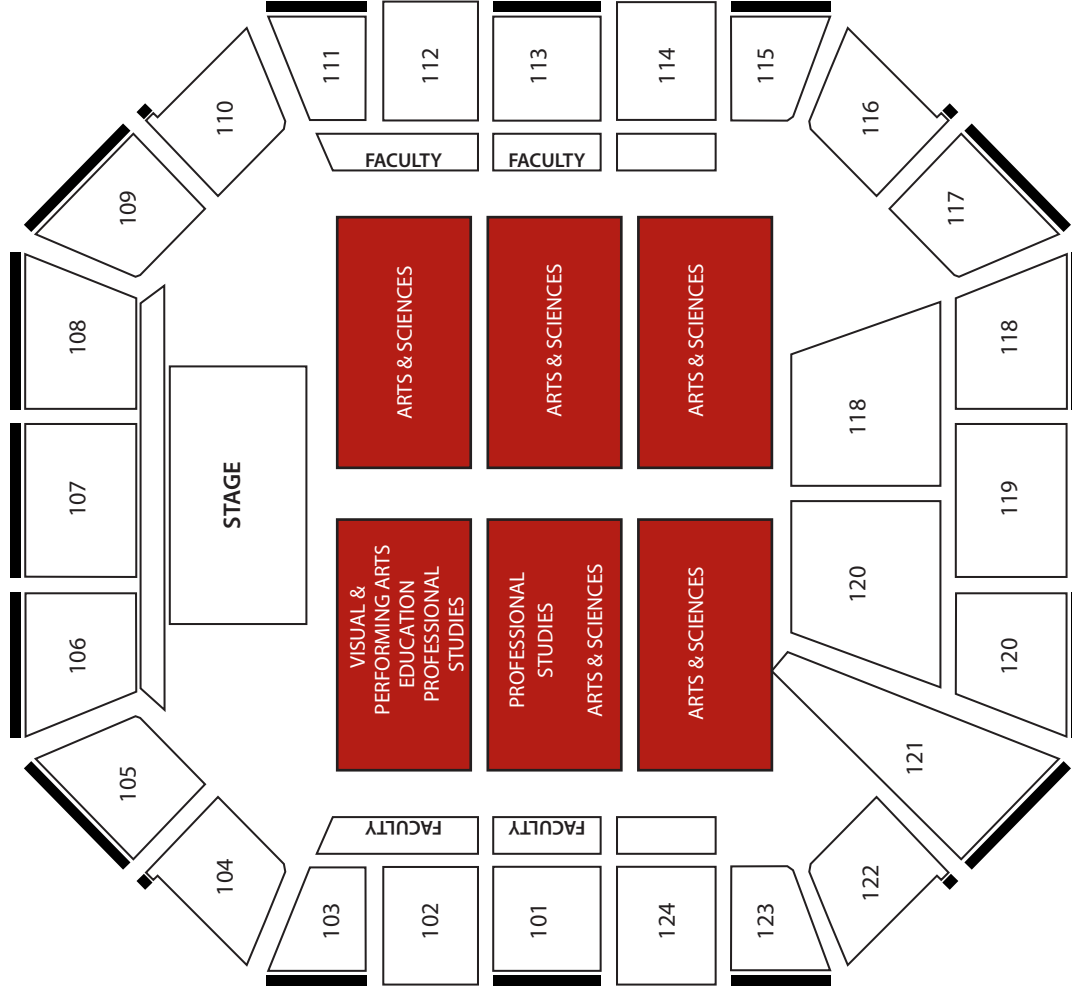

TEXAS TECH CLASS RING

As a constant reminder of their academic achievements and the traditions of Texas Tech University, students proudly wear the official Texas Tech class ring. This bronze sculpture of the official class ring sits next to the McKenzie-Merket Alumni Center. Traditionally, the rings are worn with the university name facing inward when the students' hands are extended. After the degree is granted on graduation day, the ring can be turned around so that the name faces outward, a symbol that the new alumnus has a Texas Tech diploma and is ready to face the world.

TEXAS TECH™

The first athletic teams of the university were known as the Matadors, a name that reflected the Spanish architectural influence on campus. The change from Matadors to Red Raiders occurred after a Lubbock Avalanche-Journal writer commented on the red uniforms and strong season of the 1932 football team, saying “the Red Raiders from Texas Tech” were the “terror of the Southwest Conference.” The name caught on and by 1936 the team was renamed the Red Raiders. No changes were ever made to the lyrics of the school song, which was penned in 1930.
