Please describe your department / program and its mission.

Animal Care Services facilitates the use of animals in research and teaching at Texas Tech University while assuring compliance with all applicable regulations. ACS maintains responsibilities in animal procurement, animal housing and daily care, the provision of veterinary care, health surveillance and preventative care, assisting investigators and their staff with animal procedures, and the care, maintenance and replacement of equipment and facilities.

What is your current review time-line?

AAALAC Program description is due before the site visit, every 3 years usually June/July. The next site visit will be 2016. This document includes all aspects of the animal programs at TTU including facilities, faculty, training and husbandry.

An annual report is submitted to AAALAC regarding all animal species numbers used during the previous year from 10/1 to 9/30. The document also includes facility information and program changes.
