Degree Program Assessment Plan

Degree Program - COB - Data Science (MS)

CIP Code: 11.0401.00
Degree Program Coordinator: Professor Robert Ricketts
Degree Program Coordinator Email: robert.ricketts@ttu.edu
Degree Program Coordinator Mail Stop: MS2101
Degree Program Coordinator Phone: +18068343180
Assessment Coordinator: Jason Rinaldo, Claudia Cogliser

Student Learning Outcome: Critical Thinking & Inference from Data Patterns

Students will be able to demonstrate clear critical thinking about the business implications, meaningfulness and applicability of observed data patterns and analytical inferences.

Outcome Status: Active
Outcome Type: Student Learning
Start Date: 09/01/2016

Assessment Methods

Course Level Assessment - Course projects will be used for evaluation of this SLO. The conclusions and discussion following project completion will be a direct source of information about student achievement on critical thinking and inference from evaluated data. (Active)

Criterion: 85% proficiency is expected for this SLO
Schedule: Annual
