

TA OF THE WEEK

March 18, 2022

Elizabeth Wibert

Hometown: East Lansing, Michigan

Research Advisor: Andrew Whitbeck

Elizabeth teaches two 1408 labs on Mondays and has a break of one lab period between them. Recently a TA who teaches during Elizabeth's break woke up ill that morning. Even though it was short notice, Elizabeth gave up her break to cover that TA's section. This made for a long morning of six hours of continuous instruction on her part, but this act of going above expectations is what TA of the Week is intended to recognize.

CONGRATULATIONS, ELIZABETH!!!
