

TA OF THE WEEK

October 28, 2022

Ali Aslan

Hometown: Istanbul, Turkey

Research Advisor: Mahdi Sanati

This week's TA of the week is Ali Aslan.

Recently Ali had a student who became disruptive and refused to leave lab when asked to. Ali remained calm and courteous, kept his cool, and called for backup. He continued to teach and perform his duties while Dr. West dealt with the situation. Ali showed professionalism and self-control in a situation that easily could have escalated.

CONGRATULATIONS, ALI!!!
