

TA OF THE WEEK

February 20, 2023

Eric Stringer

Hometown: Salem, Oregon

Research Advisor: Thomas Kupfer

Eric is one of our most conscientious and dedicated TAs. He has been Dr. West's go-to person for assistance in setting up Blackboard for all the lab sections. Eric generously gives of his time and expertise to all TAs who have questions. Dr. West has never once heard him complain. Labs run more smoothly because of Eric's contributions and dedication.

CONGRATULATIONS, ERIC!!!
