

**Texas Tech University**  
**Department of Physics and Astronomy**  
**Lecturer Position in Physics**

The Department of Physics and Astronomy at Texas Tech University invites applications for a (non-tenure-track) full-time lecturer position in Physics. The successful candidate will teach introductory physics courses at the calculus or algebra-based levels. The appointment begins January 2022.

Applicants with a Ph.D. in Physics or related fields are preferred, but exceptional candidates with a Master's degree will also be considered. Applicants should apply online at [www.workattexastech.com](http://www.workattexastech.com) (Requisition ID 24603BR) by submitting a letter of application (articulating qualifications for the position, teaching experience and effectiveness) and a curriculum vita. Candidates should also arrange for three letters of reference to be uploaded to the same address. Complete applications (including letters of reference) received by August 31, 2021, will receive full consideration; reviews will start immediately after that date and will continue until the position is filled.

As an Equal Employment Opportunity/Affirmative Action employer, Texas Tech University is dedicated to the goal of building a culturally diverse faculty committed to teaching and working in a multicultural environment. We actively encourage applications from all those who can contribute, through their research, teaching, and/or service, to the diversity and excellence of the academic community at Texas Tech University. The university does not discriminate on the basis of an applicant's race, ethnicity, color, religion, sex, sexual orientation, gender identity, national origin, age, disability, genetic information or status as a protected veteran. Texas Tech welcomes consideration of dual career and professional couple accommodations.
