Are you interested in public service, government,
public policy and/or nonprofit management?

PUBLIC ADMINISTRATION MINOR

Trains students to supplement their current major with directed and applied courses in public service, management, public policy, nonprofit management, and public administration so that they can pursue a career in government, the public sector, or nonprofit management. The minor in public administration includes a diverse set of courses to provide students with a well-rounded education in the various aspects of public and nonprofit administration.
