

TechBuy Guidelines for Entering Requisitions for Registration Fees

The following guidelines are intended to provide assistance for individuals entering requisitions for registration fees in TechBuy. The Purchasing/Contracting Department has made every effort to ensure that the guidelines are in compliance with university operating policies. However, in the event of conflict between these guidelines and operating policies, the operating policies shall prevail.

1. Enter a requisition using the Conference and Registration Form.
2. In the **Registration Information** section:
 - Select the correct vendor and check on the box to customize the distribution information. Purchase orders for registration fees are not faxed to the organizations, so uncheck the **Fax** information and enter your email address in the **Email** field. Uncheck the **Manual** box.

Notes:

- If you are also paying the organization for other items, such as a membership fee or subscription, all the items must be submitted on one requisition so that only one PO is created. (Please refer to the "How To" guides for memberships and subscriptions.)
