Subject: Flower planting helper

Hi,

I am Nora Stubblefield.

I own a garden design business here in Lubbock. I am looking for a student that might want to work part time helping me plant fall color for my 40 clients.

I work alone and need some assistance to get them all taken care of in a timely manor.

I have been in business for 15 years and have had 3 other TTU students during that time and loved working with them.

I pay \$15 per hour and they work 12-15 hours per week, October 15- December 10.

I can work around their schedules usually.

I wasn't sure if you are the one that can help me find that student or not. If not, can you please let me know who might be able to help me.

Thank you for any assistance you can offer.

Sincerely,

Nora Stubblefield
