BRICE DE LONG CROP CONSULTING is hiring students for full time summer jobs and internships. We are looking for individuals who are interested in working as agricultural field technicians.

Pay starts at $110 per day for technicians. Raises will be given throughout the summer to employees with good work skills. Bonuses will be awarded to deserving employees who complete position. Summer earnings of $5,750 to $7,750 are not uncommon.

Paid Internships are also available. Degree credits from 3-12 hours can be earned. Field technicians will assist in the sampling of insects, weeds, and plant diseases in crops and aid in the evaluation of new agricultural technologies.

This is an invaluable learning experience for individuals who desire employment in the agricultural field and knowledge of crop production. Employment will begin the first week in June and end just prior to the beginning of the Fall semester.

If you are interested in applying for a position with BRICE DE LONG CROP CONSULTING, please call or text: (903) 818-3897 or email brice.m.delong@gmail.com to set up an interview.
