

*McPherson*

McPherson Cellars is looking for a hard-working, detail-oriented person to be part of our 2022 harvest crew. Located in downtown Lubbock, TX, we are the leading producer of premium Texas Wine.

The ideal candidate will work alongside the Winemaker and Cellar Master, being exposed to all aspects of making wine-from the crushpad to the lab. The position will commence mid-July and run to about mid-October. We are open to extending the internship through the year and into the following. This internship is meant to prepare the person for everyday work as an assistant winemaker or cellar hand. McPherson interns have gone on to work for prestigious wineries in Texas and California.

The Primary Duties will include, but not be limited to:

- Sanitation
- Punch downs, pumpovers, monitoring fermentations
- Barrel work
- Racking, topping, transferring juices and wines from tanks/barrels
- Accurately recording data
- Some basic lab work such as Brix, pH, and TA measurements
- Vineyard Visits

Minimum Job Requirements:

- Must be authorized to work in the US
- Must have a valid US driver's license and you own transportation
- Ability to lift at least 50 pounds
- Physically able to climb ladders and remain on feet for hours at a time in hot temperatures
- Follow safety protocols and standard operating procedures
- Follow verbal and written instructions
- Forklift skills and prior training are a plus, but not required
- Work extended hours on limited notice during the height of crush
- Ability to work independently as well as with a group and remain flexible
- Willing to work long hours (6-7 days a week, 12 or more hours per day)
- Have a desire to make excellent wine and have fun working hard

Prior cellar experience is a plus, but not required.

This will be an hourly paid position varying from full to part time depending on workload with competitive pay for the right person. We will work with school schedules and would prefer for the candidate to be involved in the Viticulture and Enology program with PSS 2314 (wine production) completed or enrolled in currently. We will also consider candidates enrolled in Food Science or Biochemistry programs.

If you feel this is the right opportunity for you, please submit your resume and a cover letter telling us a bit about yourself. [operations@mcphersoncellars.com](mailto:operations@mcphersoncellars.com)
