

Bayer Job Posting

Quality Laboratory Technician

Bayer Crop Science is one of the world's leading crop solutions companies and is currently seeking lab technicians to assist with quality seed testing at one of the largest cotton seed sites in the world. Incoming raw materials and finished products need to be analyzed to ensure the highest quality products for cotton farmers across the United States and Mexico.

This is a contract position with the opportunity to stay on long term.

Pay: \$16hr

Job Summary:

- Perform visual quality inspection on seed samples
- Perform basic laboratory tests- pH, protein assays, moisture testing, and titrations
- Perform warm and cool germination testing
- Perform purity analysis of seeds
- Perform seed counts
- Organize and conduct sampling procedures for products

Hours:

- Standard Operating Hours
 - Monday-Friday 7:00 am-5:30 pm
- During Harvest Season (November through January*)
 - They will have 2 shifts: 7:00 am-5:30 pm and 5:00 pm-3:30 am Sunday – Saturday
 - February – May will include weekend work

***Must be open and able to work any day of the week (Sunday-Saturday) – Potentially 50 hours/week during harvest/peak seasons**

***Must be open to work 1st or 2nd shift**

Qualifications:

- High School Diploma **REQUIRED**
- Associate degree or Bachelor's degree in a major science (Agriculture, Natural Sciences, Chemistry) **PREFERRED**
- Prefers 0-3 years of related experience in a lab setting
- Previous agriculture or harvesting experience is a plus!
