

Guo Precision Ag Lab

Student Worker

Dr. Guo is in need of a student worker to work part-time in the lab/field. The student will help collect plant and soil samples, acquire UAV images, and assist in lab analysis. The student will also conduct research if interested. He would need the student to start in mid-May (2023).

Requirements:

- A valid driver's license (preferably with 2 years of driving history);
- Be able to lift 50 lbs and be willing to work in the field;
- Background in plant and soil science is preferred but not required.
