

Silver Spur Winery

Vineyard Workers

We are a winery near Stephenville, Texas and looking for two individuals that would like to work at a vineyard. Our winery owner manages vineyards in the area. In addition, we are currently building a crush facility and would need assistance in chemistry regarding grapes.

If you might know of a student or graduate that would be interested, please contact me at 214-991-0664.

Thank you so much for your time. Look forward to hearing from you.

Best regards,

Lori B. Ford
