

# Bayer Crop Science

## Field Assistants

Bayer is hiring Field Assistants in the next two weeks and having a passion for Agriculture would be key.

This type of role would get your foot in the door with Bayer and more importantly meet the managers and start networking.

Bayer would like to interview asap and I can help with resume to speed this along!!!

### **Roles:**

Assist in planting, pollinating, harvesting, threshing, shipping, weeding, preparing fields, preparing seed, sampling, detasseling, rogueing, and other field and seed activities related to crops and fields.

### **Hours:**

M-F, 40 hour week

### **Pay:**

19-20/hr

### **Contact:**

Beth Brackney

Sr. Technical Recruiter, Workforce Solutions
