

Groundskeeper

Private Residence

We have a small, older home that sits on 3 lots in southeast Lubbock. We need someone to help keep the grounds up which includes more than just mowing and edging. Job duties would include:

- Using and providing general maintenance for a riding lawn mower
- Using and providing general maintenance for a regular lawn mower that uses gasoline
- Using and providing general maintenance for a weed eater and leaf blower
- Planting new bushes, plants, fall bulbs, etc. and pruning bushes when necessary
- Fertilizing lawns and using a sprayer for killing weeds
- Putting down mulch as necessary

I would also be interested in having someone who can give us some good landscaping ideas as there is a lot of potential to make our place even more beautiful than it already is.

Pay: \$16 - \$20/hr, depending on experience

Hours: Weekends only, 5 hours either Saturday or Sunday, preferably in the morning.
More hours might be needed depending on the time of year.

Please send resume and/or all inquiries to: janetmacmanus@aol.com
