

First Quarter Exterior Lighting Report

The Exterior Lighting Advisory Committee (ELAC) serves as an advisory body to address the campus community exterior lighting needs and safety concerns.

Nighttime Drone Survey Complete

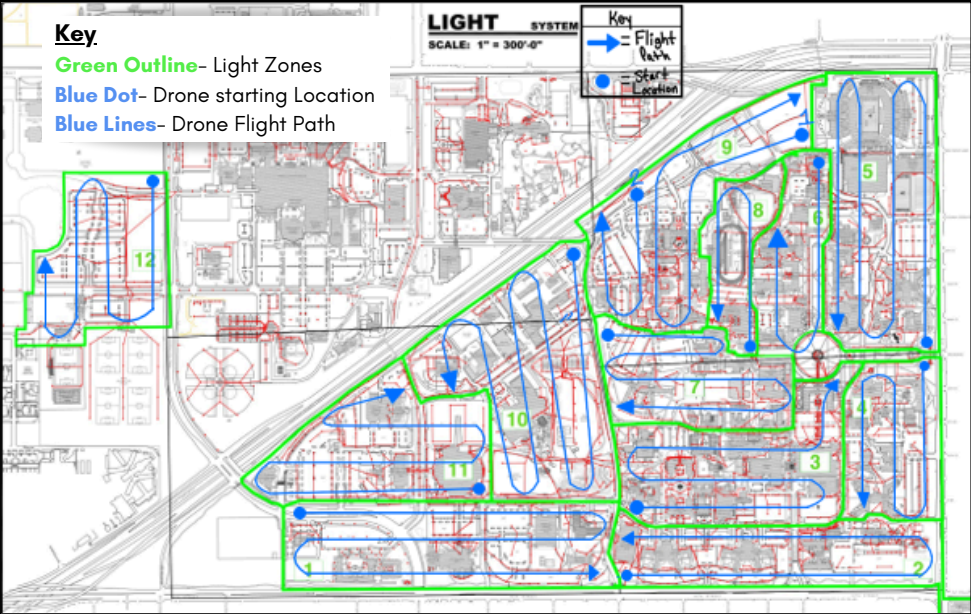

Operations Division had a nighttime drone survey performed the first week of February. The survey captured our recent Chitwood - Weymouth projects and confirmed improvements to the lighting.

South of Wiggins Parking Lot

Wiggins - Chitwood Parking Lots

First Quarter Audit Results:

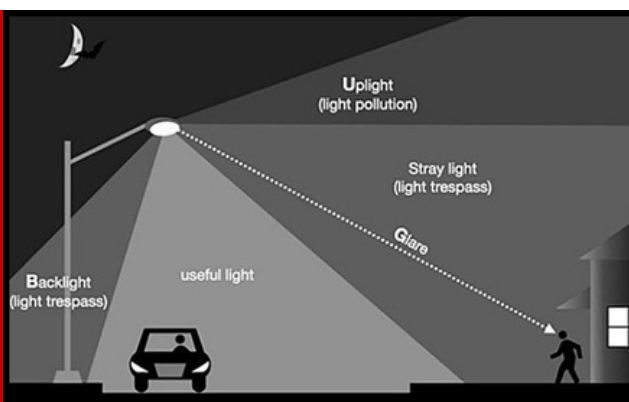

- Lights needing to be replaced/repaired
- Tall Pole Lights - 129
 - Pathway Lights - 39
 - Bollard Lights - 9
 - All non-working lights were reported to the Electric Shop for repairs.

Current Projects:

- 18th Street Lighting Project**
- Flint to Womble, out for bid- 2 bids have been received to date
 - **Pathway Lights Only**
 - 28 pathway lights have been replaced
 - 60 pathway lights pending arrival

FUN FACT

The amount of light needed to safely illuminate an area is only one factor out of many the ELAC considers.

How can the campus community help? If you see a light that needs to be replaced or needs attention, please call 806-742-4OPS.
