

JERRY S. RAWLS

COLLEGE OF
BUSINESS

TEXAS TECH

BACHELOR OF BUSINESS ADMINISTRATION IN **ENERGY COMMERCE**

Are you intrigued by the energy industry? Would you like to play a part in pioneering solutions to global energy challenges? **If so, an energy commerce major may be for you.**

While primarily focusing on the upstream, midstream and downstream sectors of oil and gas, our energy commerce program will provide you with unparalleled exposure to the business of energy. Through hands-on active learning techniques supplemented by industry knowledge, you will gain the skills required to make a valuable impact in the energy industry.

100%
