ACCELERATED BACHELOR'S TO MASTER'S IN FINANCE

JUMP-START YOUR MASTER'S DEGREE

The Accelerated Bachelor's-to-Master's in Finance program allows you to earn both undergraduate and graduate finance degrees in a cost-effective and timely manner. While working toward your Master of Science in Finance, you can count up to nine credit hours of approved graduate coursework toward their undergraduate degree, allowing you to graduate with both degrees in as little as five years.

CUSTOMIZE YOUR LEARNING EXPERIENCE

In addition to developing a common body of knowledge in finance, students can choose between two areas of concentration: commercial banking or investment management. Coursework for concentrations begins at the graduate level.
