INFORMATION

Mike Sanders acknowledged receiving March 11 resolution concerning legislation that would allow the transfer of faculty salary to other accounts. He indicated "the need for increasing faculty salaries to a competitive level", and the need for appropriate monies to be used as appropriated. He also indicated he did not take positions but acted at the direction of the President and the Board of Regents and, as a result, the Senate should communicate with these officers.

Tom Shubert indicated in a recent letter that the UC night manager routinely checks all bulletin boards in the building for term paper catalog announcements. He has not found any but will remove them if found. This procedure is in response to an earlier Senate resolution.
