Acceptance of Administration Advice Resolution

On behalf of the Ad Hoc Committee on Teaching Evaluation, President Dunham presented two resolutions for the Senate's consideration. Following discussion surrounding post tenure review, comparisons among professors who teach different sections of the same course, the evaluation form's use of "expected grade" in a particular class, and the minimum number of evaluations necessary for reliability and validity, both resolutions passed unanimously.

Resolved, that:

The Advice for Administration and Evaluation of Teaching be accepted as written AND USED TO GUIDE THE ADMINISTRATION AND RESULTS GENERATED BY THIS INSTRUMENT.
