

Faculty Senate Meeting

April 8, 2009

News from International Affairs Council

TTU has finally hired a full-time dedicated international recruiter – Ms. Mary Ann Greenberg. One of her first tasks will be to develop an international recruiting strategy. In that regard, it will be essential for her to find out from the various colleges their specific needs/interests as to the program areas where they wish to increase international student enrollment; if there are particular geographic regions from which they would like to recruit more students, etc. Please send Ambassador Tibor Nagy, Vice Provost for International Affairs, the name of the right person Mary Ann can contact in your College to make an appointment to discuss these issues.
