

# HOW TO STUDY FOR EXAMS IN A WEEK

D-7

## MAKE YOUR STUDY PLAN

- ☐ List out all your topics you need to study
- ☐ Prepare all the materials you need to read
- ☐ Find out which topics you are least familiar with

D-6

## FAMILIARIZE YOURSELF WITH THE MATERIALS

- ☐ Start with reading the content
- ☐ Highlight important information
- ☐ Annotate and jot down relevant notes

D-5

## OUTLINE THE MATERIALS ON INDEX CARDS

- ☐ Make an outline of the chapter on a card
- ☐ Write down key concepts + formulas on the cards
- ☐ Mark down common mistakes and attack plans

D-4

## START MEMORIZING

- ☐ Read the notes out loud
- ☐ Memorize by teaching yourself
- ☐ Recite the content by writing them out on paper

D-3

## DO SOME PRACTICE QUESTIONS BY TOPIC

- ☐ Work on some past papers and test questions
- ☐ Check the answers and understand your mistakes
- ☐ Take notes of the mistakes and the correct answers

D-2

## WORK ON A FULL PAST PAPER

- ☐ Don't take any notes with you when doing the paper
- ☐ Time yourself and see if you can finish on time
- ☐ Review the part you are least familiar with

D-1

## FINAL REVIEW

- ☐ Quiz yourself with the summary cards
- ☐ Read the notes that has the mistakes you've made
- ☐ Review and recite key terms, principles, or formulas
