Department Spotlight

The University Career Center (UCC) promotes each student's success by providing career development, career exploration, and job search opportunities to undergraduate, graduate, international, distance students and alumni.

The UCC provides a number of services designed to assist all Texas Tech students and alumni with their career development and post-graduate decision making. Services include career assessments, resume and cover letter critiques, mock interviews, personal statement critiques, salary negotiation assistance, interview room reservation, career events, webinars, and job boards such as HireRedRaiders. With over 20,000 employer contacts, hundreds of recruiters visit the UCC each year to conduct employment interviews with students in an effort to fill internship, Co-Op, and full-time positions.

The UCC sponsors various job fairs that include graduate and professional schools, school districts, summer camps, and two large all-major career fairs. Additionally, the UCC website, www.careercenter.ttu.edu, offers numerous resources to assist students in the career exploration, development and job search including thousands of videos on specific career paths. To schedule an appointment, simply call 806-742-2210!
