Attendance and Active Participation (15%)

Since the main goal of the course is to improve your German, regular attendance, prompt arrival, preparation for, and participation in class are expected. I will record a participation grade for each of you per week: 100% for coming to class on time, showing evidence of having completed out-of-class assignments, actively participating in discussions and activities, and speaking German in class. At the other end of the scale, 0% will be awarded for coming to class more than 10 minutes late or being absent, no evidence of having done the assignment, speaking frequently in English, not participating, and/or disrupting class or discouraging others from participating through the demeanor or otherwise. The success of the course depends on the involvement of everyone, so please come prepared to actively participate in discussions.
