Feedback Fruits is a suite of tools, supported by Texas Tech IT and eLearning and Academic Partnerships divisions that is available for use inside Blackboard.

**THE FEEDBACK FRUITS TOOL SUITE:**
“FeedbackFruits offers a complete tool suite to organize engaging courses. Allowing you to implement blended and online learning more effectively” (Feedback Fruits website, November 2020, retrieved from https://feedbackfruits.com). Get started by checking out the tools available through the Help site from the organization. The image links to the main help site, while each button links to various sections noted by title.

For more information or consultations, reach out to eLearning and Academic Partnerships.
