Did COVID-19 affect your education plans?

There is financial assistance to keep you on track!

If COVID-19 affected your ability to attend school last fall and you plan to graduate within 12 months, you may be eligible for tuition and fees assistance to help you graduate on time!

Who is eligible?

Students who were not enrolled in any college or university during the Fall of 2020.

Students who were negatively affected by COVID-19. Students will be asked a question on their application or re-application to Texas Tech.

Students who can graduate in 12 months. Any student who has 66 credit transfer hours or more should try to apply.

What is the timeline for eligibility and completion?

When a student returns (either summer 2021 or fall 2021), they need to be “on track” to graduate within 12 months. Students can register for 19 credit hours in a long semester and 16 credits over the summer months.

How do I apply/re-apply to Texas Tech?

Visit https://www.depts.ttu.edu/admissions/apply/

How do I receive the grant monies?

No action required on students part, they will be identified and awarded based on eligibility.

Which degree program is participating?

All undergraduate degree programs on campus.

What if I am online or at a regional site, instead of Lubbock?

Regardless of course modality and location, all degree-seeking students are eligible for the grants if they meet criteria.
